

The logo for Sato skin care features the name 'Sato' in a large, elegant, white cursive font. Below it, the words 'skin care' are written in a smaller, white, sans-serif font. To the right of the text, there are dark, thin branches with small, pink cherry blossoms. At the bottom of the image, a horizontal bamboo stalk with yellow ties is visible.

MICRODERMABRASION

This procedure is safe and will reveal rejuvenated, glowing and healthy skin. It aids in the reduction of fine lines, age spots and hyper pigmentation by deeply exfoliating dead skin cells off the skin's surface.

CUSTOMIZED FACIALS

Sato Skin care customizes every facial to your skin using the best products available. Rhonda Allison is a clinical and luxurious product line that will aid in treating all your skin's needs.

PEELS

Improve and renew your skin's appearance with a peel. Sato's peels range from mid depth to deep and will aid in reduction of hyper pigmentation, age spots, acne, fine lines and wrinkles.

SUGARING

Sato is certified in the use of Alexandria sugar paste which is 100% organic. It is a safe and gentle process that is wonderful for sensitive or normal skin types. The hair is removed in the direction of its growth aiding in the elimination of breakage and ingrown hairs. Once you have experienced sugaring, you will never go back to waxing.
